

HIGH SUN GxP CONSULTING

GMP Consulting & GxP Compliance Services

Transparent quality · Strategic Compliance · Regulatory expertise · Operational Excellence

Personal Branding

DI (FH) Klaus Hajszan
Founder &
Qualified Person (QP)

Who I Am and What I Stand For

Profile: Leadership and technical expertise across all areas of GxP management (QC, QA, QP, GMP/GLP/GCP). Interdisciplinary know-how for strategic concepts and practical implementation.

Passion: Quality is not an obligation but an opportunity. I view compliance as a competitive advantage that makes processes more efficient, safer, and more sustainable.

Mission: My goal is to align compliance, operational excellence, and business competitiveness to achieve long-term stability, sustainable growth, and measurable success.

How I Work With You

Empathetic: I listen carefully, take perspectives seriously, and develop solutions on equal footing that build trust.

Experienced: I bring over 15 years of leadership experience in the life-science sector and possess solid regulatory expertise.

Results-oriented: I focus on pragmatic solutions instead of bureaucracy – efficient, inspection-ready, and delivering lasting value.

Education & Professional Experience

- Bioengineering – Focus on Quality Management (FH Campus Vienna)
- University Program in Pharmaceutical Quality Management (University of Vienna)
- Over 15 years in senior leadership roles, including Quality Management, Quality Assurance, Quality Control, Test Site Management, and Trial Facility Management, as well as Authorized Representative and Managing Director.
- AGES-certified Qualified Person (QP) since 2012.
- Proven expertise in GMP compliance, audits, and project support from development to market authorization
